

Ben Byler

Summer Program Director

Exodus 33:13

"If you are pleased with me, teach me your ways so I may know you and continue to find favor with you. Remember that this nation is your people."

Discussion for the younger kids:

How does God teach us His ways? What are some things that you can do that you know God would like?

For Further Discussion:

This is one of my favorite Bible verses because it describes a cycle of growth in our walk with God. First, we find favor with God (we know from the New Testament that we do this through Jesus' sacrifice). Then God teaches us more about who He is and how He works in the world. Then we get to know Him better--that is the true reward of following Him! But the growth doesn't stop; when we know God, we will continue to find favor with Him, which just starts the growing cycle all over again! I pray that the Lord will begin and continue this cycle of growth in your life and that you would know Him better and better each day.

If you would like to ask Ben more about his devotional, you can send an [email](#) to him at camp.
